Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

The Examiner clarified those amendments required by applicants in order to place the case in sequence compliance. In particular, amendment of the brief description of the drawings of Figures 1-5 with reference to the appropriate sequence is required. If the sequences in the figures are not already represented by a suitable SEQ ID NO: then, a new CRF and paper copy of the sequence listing is required. Finally the claims should be amended to refer to the appropriate sequences to which the claims are drawn and not to the Figures. Any further questions can be directed to Examiner Turner at 703-308-0056.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)

i) ☒ It is not necessary for applicant to provide a separate record of the substance of the interview (if box is checked).
